

FIELD LINING INFORMATION

General:

- Coordinate pickup/dropoff/meeting to receive field lining gear with Cynthia Lisa (Cynthia.lisa@smgll.org or 360-840-6308)
- You will receive:
 - Spray Paint Liner (can fit into the back of most cars)
 - Orange Spray Paint
- General tips:
 - You are spraying paint, dress in clothes you don't mind getting paint on!
 - If the grass is wet, paint won't stick
 - If it rains, please check your field before the next game/practice.
 - A week between paints can be TOO long. **Once we lose the lines on the field it makes it really hard. Please do a check on the fields you are assigned for the week! This may mean multiple times a week!**
 - Sometimes the liner will get stuck or a can isn't the best! You may have to move the can around, fidget with it, etc! If you have equipment issues, please let me know.
 - For each field you will see what the field looks like so you can be sure not to miss any lines!
 - Don't forget hashmarks, dots, etc.
 - If a field has lines and looks good, no need to repaint it that day. Wait a few days and check on it. Also you can just touch up any heavily used areas (typically around the goal)
